ACCOUNT

Taking into consideration the credit granted by Banco Popular of Puerto Rico (Bank) under this account, you bind yourself to pay to the Bank the total price of all purchases and cash advances (includes balance transfers from other institutions and convenience checks) made on this account, as well as the INTEREST CHARGES agreed upon under the terms and conditions of this Agreement. Under this new credit plan, the Bank will issue two types of cards per individual, one revolving credit card ("Credit Card") and one charge card ("Charge Card"). These cards may be used to purchase merchandise and services in those establishments where the Cards are accepted, and to obtain cash advances from the Bank or any other bank that accepts the Cards, subject to the limits established from time to time by the Bank. Clients can choose within the product combinations offered by the Bank from time to time.

CREDIT LIMIT

You agree that the Bank, for your convenience, will establish a credit limit and that the purchases and cash advances that you charge to this Account, shall at no time exceed your credit limit. Upon receipt of your Card, you will be informed of your credit limit, which will appear in each monthly Account Statement as defined herein. You agree that the Bank may, from time to time, change your credit limit, taking into consideration your previous credit experience or payment history. Should you exceed your authorized credit limit; the Bank will have the right to cancel the Card, require its return or forfeit the Card and close the account. Any amount due, in excess of your authorized credit limit, shall be payable immediately. Your minimum payment shall include any excess over your authorized credit limit and the total of the Charge Balance owed (please refer to the next section). The Bank may approve purchases or cash advances which cause the balance to exceed your credit limit without waiving any of its rights under this Agreement.

ACCOUNT FUNCTIONALITY

CREDIT CARD: "Credit Balances" refers to balances from purchase transactions made with the Credit Card and all cash advances, balance transfers from other institutions and convenience checks transactions made with the Credit Card or Charge Card, and any Charge Balance that have not been paid in full by its due date. Credit Balances are subject to the corresponding INTEREST CHARGES.

CHARGE CARD: "Charge Balances" refers to balances from purchase transactions made with the Charge Card. This balance is not subject to INTEREST CHARGES if the balance due from such transactions is paid in full by the payment due date of the billing period. In absence of the corresponding payment of the Charge Balance, the unpaid balances will be transferred to the Purchases Section of the Credit Card and will be subject to the corresponding INTEREST CHARGES applying the interest rate corresponding to the credit balance of your account. In addition, the corresponding Late Payment Fee will apply, as described in the table included. The Charge Card may be used for balance transfers, cash advances and convenience check transactions. The amount owed as result of such transactions will be subject to INTEREST CHARGES from the transaction date, applying the interest rate corresponding to the transaction type. Please refer to the "Interest Rates and Interest Charges" section on the table included.

INTEREST CHARGES

The INTEREST CHARGES will be computed on the principal balance only. You will pay a monthly INTEREST CHARGE on the credit balance of your account for the billing period. This INTEREST CHARGE will be variable and can change for each billing period. The INTEREST CHARGE for Credit Balances will be determined by adding the value of the United States Prime Rate, published in The Wall Street Journal (Prime Rate) effective at the time of the approval of your application to a margin. This is equivalent to the STANDARD ANNUAL PERCENTAGE RATE (Standard APR). The Standard APR for Purchases and Balance Transfers from other institutions will be from 10.99% up to 23.99% with a corresponding Daily Periodic Rate from 0.0301% up to 0.0658%. The Standard APR for Cash Advances will be determined by adding the Prime Rate to a margin. The Standard APR for Cash Advances will be from 18.24% up to 23.99% with a corresponding Daily Periodic Rate from 0.0500% up to 0.0658%. To determine the corresponding Daily Periodic Rate, the Standard APR must be divided by 365 and rounded up not exceeding the limits allowed by law. The margin applicable to your account will depend on your credit history at the time of approval of your application. For each billing period, the INTEREST CHARGE and the Credit Balance Standard APR will be based on the Prime Rate current three business days prior to your account statement closing date. In the event that The Wall Street Journal is not published within any time period, the "LA TIMES" will be used as reference. An increase of the Prime Rate could represent an increase in the Standard APR and in the minimum monthly payment. Any change in your INTEREST CHARGE will apply to the Balance in your account and to new transactions during the billing period. The INTEREST CHARGE is determined by multiplying the Average Daily Balance by the Daily Periodic Rate and by the number of days in the billing cycle. The Average Daily Balance is obtained by taking into account the initial balance for each day of the billing period, subtracting the payments and credits, and

adding the purchases. Then all the daily balances within the billing period are added and the said total is divided by the number of days included within the billing period.

ANNUAL FEE

If applicable, the Annual Fee will be reflected on your first Account Statement after the first Card is issued and subsequently on each anniversary of the issuance of the Card. Please refer to the “Annual Fee” section in the table included.

MINIMUM MONTHLY PAYMENT

The monthly minimum payment will be determined by adding the minimum payment of the Credit Balance to the total of the Charge Balance owed. The minimum monthly payment for the Credit Balance will be determined based on the Outstanding Balance. For Balances from \$0.01 to \$24.99 the Minimum Payment will be the Outstanding Balance. For Balances of \$25 and over the Minimum Payment will be 2% of the Outstanding Balance or the Finance Charges + \$10; or a fixed amount of \$25, whichever is higher. Then the minimum monthly payment for the Credit Balance will be added to the Charge Balance owed, if any, the total is the minimum monthly payment of the account. In addition, the minimum monthly payment shall include the total amount in excess of your authorized credit limit.

PAYMENT APPLICATION

If you pay the required minimum payment of the monthly Account Statement, said payment shall be applied in the following way: first to INTEREST CHARGES and the remaining amount shall be applied first to the Charge Balance, then to the Credit Balance with the lowest APR, and then to the debt with the higher APR in ascending order. Consequently, the debt with the higher APR will not be reduced, until the debt with the lower APR is paid in full. If you pay an amount in excess of the minimum required payment, the excess will be applied to the most onerous debt. Electronic, telephone and mailed payments are credited on the same day if they are received at or by 5:00 p.m. Monday through Friday (excluding holidays). Mailed payments shall be received at the address indicated on your Account Statement, made with a check drawn against the Bank, and accompanied with the payment stub. It will be also processed the same date if the payment is made through a Banco Popular branch in Puerto Rico or Virgin Islands during business hours in cash, or by check drawn against the Bank. Credit of other payments that do not meet these requirements may be delayed five business days during which interests will not accrue.

The APR, INTEREST CHARGES and Monthly Minimum Payment, of your Installment Plan may vary for each billing cycle. The minimum monthly payment of your Installment Plan will be included in the minimum monthly payment due of your account during the term of your offer. YOUR BILLING RIGHTS

Keep this Document for Future Use. This notice tells you about your rights and our responsibilities under the Fair Credit Billing Act.

What to Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at: BANCO POPULAR DE PUERTO RICO, División de Productos de Tarjetas, PO Box 363228, San Juan, Puerto Rico 00936-3228 or by e-mail: custserv@bppr.com.

In your letter, give us the following information:

- Account information: Your name and account number.
- Dollar amount: The dollar amount of the suspected error.
- Description of problem: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors in writing. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
2. Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- If we made a mistake: You will not have to pay the amount in question or any interest or other fees related to that amount.
- If we do not believe there was a mistake: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us within 10 days telling us that you still refuse to pay. If you do so, we cannot report you as delinquent without also reporting that you are questioning your bill. We must tell you the name of anyone to whom we reported you as delinquent, and we must let those organizations know when the matter has been settled between us. If we do not follow all of the rules above, you do not have to pay the first \$50 of the amount you question even if your bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us at custserv@bppr.com or in writing at:

BANCO POPULAR DE PUERTO RICO
División de Productos de Tarjetas
PO BOX 363228
San Juan, Puerto Rico 00936-3228

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.
